

# Quality Policy

As a cold spray and advanced manufacturing technology development company providing high quality and innovative coating, repair, and production solutions for a wide range of industries, we are committed to continually improving our ability to exceed the requirements of our customers.

This will be achieved through our commitment to:

- Provide sound solutions to ensure customer success
- Deliver superior quality products and services to our customers on time, every time
- Continually review and upgrade our advanced manufacturing equipment
- Consistently improve our advanced manufacturing materials and processes
- Continually review and update our Quality Management System ensuring conformance to International Standards
- Enhance the expertise of our employees through structured training and development programs
- Create an environment which encourages team collaboration where all individuals are recognized and valued for their contributions

A handwritten signature in blue ink, appearing to read 'RH', is positioned above the name of the CEO.
